**the Walking  
SCHOOL BUS is  
LOADS OF FUN!**

**Join a walking school  
bus today!**

Our buses walk children safely to and from school and there are three buses to choose from. They're free, fun and a fantastic way to reduce traffic around our children at school (and the traffic headaches!)

### There are lots of other benefits too...

- builds confidence and independence walking into the classroom for junior school
- great way to meet other school families
- reduce traffic around school grounds and the stress of finding a park nearby
- your child meets you in a safe place away from school traffic

Contact a parent co-ordinator and give the walking bus a try today...

This service relies on volunteers. Each Family is asked to support the bus by 'driving' 1 walk per week, ensuring we meet Auckland Transports H&S supervision ratios.
